

# THE ORIGINAL POCKET-SIZED GRAIN MOISTURE METER WITH BUILT-IN GRINDER

FARMPRO

## Reliable and quick measurement of grain moisture with the Farmpro

The original pocket-sized grain moisture meter where the grain is ground and compressed in one operation. Compression, grinding and automatic temperature compensation is the key to the most accurate reading of water content in grain and seeds.

### Key features and benefits

- Easy to use
- Built-in grinder and compressor
- Digital readout with accuracy to one decimal point
- Combined grinding and compression of sample
- Automatic temperature compensation & calculation of average value
- Adjustment of calibrations
- Automatic individual calibration for all grain types
- 2-year warranty

The Farmpro moisture meter allows farmers to collect and read data on the moisture levels and temperature of their grains easily and intuitively

# FUNCTIONS

## Farmpro – Moisture meter for grains and seeds

### Easy to use and handle

Turn on the tester by pressing the ON/TEST button. Use the arrow keys to select grain type.

Pour the sample into the grinder. The sample size is measured out in the built-in measuring cup.

Grind the sample.

Press the ON/TEST button and read the moisture content directly from the display.

### TECHNICAL SPECIFICATIONS

**Measuring range (Moisture):** 5 to 50% depending on crop type

**Operating range (Temperature):** 0 to 50 °C

**Resolution:** 0.1% moisture

**Temperature compensation:** Automatic

**Weight including carrying case:** 1.9 kg

**Dimension:** 21x7,5x7,5 cm

**Battery:** 9 V Alkaline

**Display:** 2 line LCD

**Accuracy:** Better than +/- 0.25% in normal moisture range when using average and calibration adjustment

### AgroLog App

With the AgroLog App you are always in control of your products and storage, you get real-time insights and a historical overview of your crops.

There is a complete overview of the data collected from all devices at different times. All this information is available in the app and accessible through your smartphone.
